

IRISH PARLIAMENT ADJOURNS; CABINET CONTINUES PARLEYS

Expect Conversations to Be Resumed With De Valera.

PREMIER'S SPEECH MAY FORCE REFERENDUM

Irish Have no Fear of Immediate Termination of Negotiations.

NO FIGHTING MILITARY LINES

Great Significance Attached to Arrival in London of Sir James Craig.

By Percy Sarr.

LONDON, Aug. 28.—Members of the Irish cabinet have received an intimation that there will be no further meetings of the Irish parliament for the present but that the Sinn Féin cabinet will conduct the peace negotiations until necessary for a full meeting of the parliament arises. Many of the members already are on the way to their homes.

The conversations between Lloyd George and De Valera are expected to continue and it is probable that a reply to Lloyd George's note in answer to De Valera will be dispatched by the Irish leaders early this week.

Speech May Force Referendum.

The British premier's reply, followed by his speech at Barmley, which reiterated in strong terms that Ireland has been offered terms that was ever offered in previous history, is now being considered by the Sinn Féin leaders. In many quarters it is thought that Lloyd George's reply may force De Valera to go to his own people in a plea for the rejection of acceptance or rejection of the government's peace proposal.

It is outwardly apparent that any indication of the general sentiment in Sinn Féin, the Irish people have no fear of any immediate termination of the negotiations and reversal of the latter part of next week, a tightening of the military lines. Members of the Irish republican army stroll about the streets of Dublin, apparently unconcerned over the future of the negotiations.

A large party, composed of members of the Irish parliament and their friends, in the gayest of spirits, made a picnic excursion in a fleet of motor cars to Glendalough today, and holiday sentimentality reigned throughout the south of Ireland.

May Try to Change Order.

Great significance is attached to the arrival in London of Sir James Craig, Ulster premier, who is expected to confer with Lloyd George at length during the next few days. It is rumored as well that De Valera himself may appear on the scene during the latter part of next week. Craig's presence here was brought about by an urgent summons by the British cabinet, and would indicate that Lloyd George may make another attempt to persuade the Ulster leader to recede from his obstructionist stand.

In this connection, Lloyd George's Barmley speech was delivered with one eye on the Ulster situation.

His declaration that the most cruel and most terrible civil war the island ever has seen would result from complete severance of Ireland from the United Kingdom, was regarded as a warning to Ulster being taken as a warning to Ulster as distinctly as to Sinn Féin.

But the chief hope that the negotiations will continue is contained in the fact that Lloyd George has declared that Ireland can have anything short of complete severance and De Valera has not actually demanded the establishment of a republic in any of the interchanges thus far.

3 DIE AS POLICE FIRE ON REDS IN POTSDAM

Thirty Thousand Communists Hold Meeting Protesting Assassination of Erzberger—Berlin Reports Situation Is Critical and Fears Violent Outburst.

[By United News.]

POTSDAM, GERMANY, Aug. 28.—Three persons were shot and killed here today in a clash between Communists and Monarchists.

Thirty thousand Communists journeyed here from Berlin to hold a meeting to protest against the assassination of Matthias Erzberger, and during their demonstration they clashed with the Monarchists.

The safety police were called out, and they were obliged to fire. The bullets killed two "Reds." A sniper shot another "Red" dead.

The outbreak of the Communists succeeded in paralyzing afterwards entraining in good order for Berlin.

The trouble started when soldiers of the Reichswehr tore up a number of red flags, precipitating a fist fight, in which the safety police intervened, firing on the "Reds."

BLAME KATSENER GROUP

[By Associated Press.]

BERLIN, Aug. 28.—Laying the guilt for the murder of Matthias Erzberger, former Vice-Chancellor and Minister of Finance, directly at the door of the Katsener group, President

Loebke, of the German Reichstag, in an exclusive interview with the United News, declares that a violent outburst may be precipitated throughout Germany as a result of the increasingly daring demonstrations of the reactionary politicians.

The provocative work of the Nationalists, such as the "front fighters" at Berlin, and other manifestations in recent weeks cannot be repeated without serious clashes, he declared. "Even without such demonstrations, the air is so electrified by the occurrences which culminated in the assassination of Matthias Erzberger that an outburst of extreme violence may arise at any moment."

Loebke directly accused the reactionary press and Nationalist agitation in Parliament of fomenting the plots which ended in Erzberger's death.

"The thought of blood revenge is ripening," he said, "because the Left and Center parties feel that they are insufficiently protected against this campaign of murder," he said.

RECOVER 2 MORE BODIES FROM HULL OF THE ZR-2

Those of U. S. N. Lieutenant and Rigger Taken From Mass of Wreckage.

SALVAGE 30 TONS OF DEBRIS

Deemed Inadvisable to Risk Lives of Divers in Expeditions to Bottom of River Humber in Quest of Other Victims.

[By United News.]

HULL, ENGLAND, Aug. 28.—After another day of arduous and dangerous work, the wreckers attempting to deliver the wreckage of the ZR-2 from the Humber, paused again this evening, their work rewarded by the recovery of two more bodies—those of Lieutenant-Commander Emory G. T. S. N. and A. S. Pittard, an enlisted aviator, U. S. N.

Mrs. Coll, widow of the officer, was waiting in Hull for the word that her husband's body had been found. Thousands of people stood along the river bank, watching the work of the men on the wrecking barges as they struggled with the baffling tangle of wires and metal beams. One gondola was grappled three times by the wrecking crane and three times it slipped away as it was being hoisted above the water.

Owing to the condition of the wreckage, it is deemed inadvisable to risk the lives of divers in expeditions to the river bottom in search of the bodies which remain there. To date about thirty tons of miscellaneous wreckage has been recovered, in small lots.

HARDING ACTS TO STRIKE BALLOTS GO COMBAT SITUATION TO 409,000 UNION OF UNEMPLOYMENT RAIL EMPLOYEES

Will Call National Conference in Washington in September.

HOOVER AND DAVIS WILL CO-OPERATE

President Personally Will Set Forth His Expectations in Address on Opening Day.

By Robert J. Bender.

UNITED NEWS STAFF CORRESPONDENT.

WASHINGTON, Aug. 28.—President Harding, within the next few weeks, will call a national conference in Washington to combat the unemployment crisis. A better understanding must be reached, the President believes, between workers and employers, if the present dissatisfaction of labor is not to be increasingly fanned by lack of employment.

The move is the first, on a pretentious scale, to be undertaken since former President Wilson called an industrial conference in the fall of 1919. Wilson was unable personally to address or co-operate with that conference because of his illness, and it later virtually collapsed through withdrawal of the labor representation.

Seek to Remedy Situation.

President Harding, however, attaches both hope and great importance to the gathering he will call in September. He will personally set forth his expectations in an address to the conference on its opening day, laying down the principles upon which the government seeks to remedy the present labor situation.

In anticipation of this, he has asked Secretary of Commerce Hoover to draft a workable program, which will keep the representation at the conference down to the minimum, compatible with prompt and effective negotiation, and at the same time, see that vitally affected elements in the situation are given a hearing. Hoover expects to have plans for the conference ready for submission to Harding within ten days.

Hoover to Co-Operate.

Hoover will co-operate with Secretary of Labor Davis on the question of labor representation. All sections of the country will be represented in the conference, and representatives of the greater employment industries will be called.

For some time the question of unemployment has been a subject of serious concern to the administration. Hoover already has appealed to the different States to embark upon road construction programs as a means of giving those without work something to do. In addition, he

LYNCHBURG, VA., Aug. 28.—Roy Ware, a young resident of Amherst County, is in the Lynchburg Hospital here with a bullet wound through his liver, and Myers Carpenter is out under \$3,000 bail bond, charged with the shooting, which resulted when a rivalry became intense between the two young men for the hand of the same young woman, who lives near Pedlar Mills, Amherst County.

The shooting occurred there late Saturday, and the wounded man was brought here late at night.

Carpenter went to the county courthouse, gave himself up and secured bail. The two young men are said to have had a difficulty at Naola about a week ago. Will Determine Acceptance or Rejection of \$100,000 Wage Cut.

UNANIMITY OF OPINION AMONG CHIEFS LACKING

Trainmen Dissent and Use Separate Ballot of Their Own.

By Associated Press.]

Calicut, India, Aug. 28.—The Moplah fanatics appear to be proclaiming home rule in all the disturbed areas. Their emblem, the green flag, has been hoisted at Palliput.

Gandhi, the Nationalist leader, has been invited by the Kerala provincial Congress committee to visit Malabar at the earliest possible moment in an endeavor to pacify the Moplahs.

A dispatch from Manjeri says that trees have been felled across the roads throughout the whole district by rioters, and that bridges and culverts have been destroyed to obstruct troop movements.

[By Associated Press.]

LONDON, Aug. 28.—The rebels in the Calicut district have increased to 15,000, and the area of the rebellion has been extended, says a dispatch to the Daily Mail from Allahabad.

The expectation of famine is due to disorganization in trade and communication.

A dispatch to the Exchange Telegraph from Bombay says the whole of the beautiful forest tract surrounding the Nilambur Palace has been laid waste and every Hindu house in the district looted. One of the rebel leaders has established himself in the palace as ruler.

Evidence is accumulating, says the dispatch, that the success of the rebels in obtaining arms and munitions was due to treachery of individual members of the native Indian police and former Sepoys.

The India Office reports that the entire disturbed area of Malabar is threatened with famine. Martial law has been applied to the Waiyand, Ponnani, Ernad, Calicut, Wynad and Kurambanad districts.

A party from the British warship Comus has been landed at Calicut.

STRAKTON, PA., Aug. 28.—Roundhouse and shop employees of the Delaware, Lackawanna and Western Railroad were advised to save their money and lay in stores of food by T. J. Mahoney, general chairman of the Lackawanna system federation, at a system meeting here today.

Mr. Mahoney declared that a strike was sure to come on the railroads, and he wanted the men prepared.

[By Associated Press.]

CLEVELAND, OHIO, Aug. 28.—Strike ballots on the acceptance or rejection of the recent \$300,000 wage reduction recently ordered by the Railroad Labor Board were mailed tonight to 409,000 members of the Switchmen's Union of North America. The ballot revealed a difference of opinion among the chief executives of the five organizations, the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Engineers, Order of Railway Conductors and the Switchmen using a joint ballot, while the Brotherhood of Railroad Trainmen sent out a separate ballot.

The trainmen's ballot stated that it had been the intention of all the organizations to use a joint ballot, but that it was impossible because the ballot adopted by the other organizations "did not, in our opinion, contain an impartial and unbiased recital of all that is involved, nor did it convey the assurance that the wishes of the men, if against working for reduced wages, would determine the question and that they would be permitted to leave the service."

What Joint Ballot Declares.

The joint ballot declared that, if the membership voted to reject the wage reductions, which became effective July 1, 1921, "it is to be understood that the men would be permitted to withdraw from the service of their respective companies, unless satisfactory settlement can be reached under the laws of the organization."

The proposition which confronts our members and others, said the trainmen's ballot, "carries with it an attempt to reverse that decision of the United Railroad Labor Board on (Continued on page 2, col. 6.)"

GRAY HAIRS WORRY CHARLIE CHAPLIN IN POSING FOR PICTURE

Noted Movie Star Pauses in New York on Hurried Trip to Europe.

[By United News.]

NEW YORK, Aug. 28.—Charlie Chaplin is becoming gray-haired and he's a little more sensitive about it. Arriving in New York today in a sudden impulse to return to England for a visit, Chaplin, while posing on the Ritz-Carlton roof for the news photographers took off his hat and revealed to the East for the first time a vigorous growth of gray among the jet black foliage which was always been part of the Chaplin ensemble.

Charlie asked the photographers to camouflage this sign of age and worry as best they could.

Chaplin, who was a poorly paid musical hall performer when he left England nine years ago, is making his first trip back. He said he just wanted to look around the old scenes.

WILL ARRAIGN MICHEL IN POLICE COURT TODAY

Hearing of Alleged Accessory in Curtis Murder May Be Continued.

TURNER IS COUNSEL IN CASE

South Side Lawyer Also Represents Walter Hines, Who Is Charged by Police With Killing of Patrolman Last Monday.

Eugene E. Michaels, the young man accused by the police of being an accessory before and after the fact in the murder of Policeman Washington Irving Curtis, who was shot to death early last Monday morning, will be arraigned in Police Court, Part II, this morning.

It is believed that his attorney, John Marshall Turner, will waive the privilege of a preliminary hearing at this time and ask to have it put over until next Saturday morning, when Walter H. Hines, charged by the police with murdering Curtis, is scheduled to have a preliminary hearing. Mr. Turner is counsel for both.

Captain A. S. Wright, in command of the detective bureau, returned to the city last night from a couple of days' outing at Backree Beach. Detectives who had been working on the case during his absence reported to him that no additional evidence bearing on the Curtis case had been uncovered during his absence. The evidence already in hand, the police state, will be submitted to the grand jury.

CORONERS JURY WILL SET IN STAFFORD CASE TONIGHT

A coroner's jury meets in Petersburg at 8:30 o'clock tonight to hold an inquest into the fatal shooting of William Stafford, an alleged bootlegger, for whose death Policeman A. B. Anthony, of this city, is now at liberty under bond of \$5,000. Stafford was shot at the Cox farm in Prince George County early last week when police officials, in searching for Walter H. Hines, accidentally came upon a huge still, of which they say he was one of the owners.

"We called upon these men to disarm, which they did," the captain continued, "we placed them under arrest and proceeded down the road. Further on we met two automobiles and placed six additional armed men under arrest."

"With the eleven prisoners we marched on toward Sharpley and captured another squad of five armed men. Some one called to us that we would not be allowed to pass. We called upon them to surrender their arms, but received in reply a volley of fire."

"Our men returned the fire and, in the light, five men fell to the ground. We waited until we saw that they were picked up and carried away and then decided to discontinue the advance for the present. It was very dark and some of our deputies were in civilian clothes, hampering or distracting them."
